RE: Self Bonding Agreement and Reclamation Contract, Georgia-Pacific
Gypsum Quarry, Georgia Pacific Corporation, M/041/009, Sevier County,
Utah

Please find attached two (2) Self Bonding forms and two (2) Reclamation Contracts, filled out by Georgia Pacific. The self bonding agreement was approved by the Division of Oil, Gas and Mining on May 26, 1988. However, the self bonding form submitted by the operator in 1988 was not agreeable to the Board, so the operator was asked to resubmit on new forms.

The new forms were not available for a number of months after the approval date, pending review by the Attorney General's office and the Board of Oil, Gas and Mining. The operator was not contacted again until January of 1990, as a result of tracking.

These forms require Division and Board Chairman signatures to finalize the approval process. Unfortunately, the Reclamation Contract is not our most recent addition. I have advised the operator that it may have to be refiled.
